

## ABMC VIETNAM PAVILIONS, PUNCHBOWL CEMETERY

PUBLIC WORKS—HISTORICAL  
PROJECTS UP TO \$15 MILLION

The objective of this project was to honor the Vietnam War veterans in a similar way that the other Pacific War veterans are honored at the Punchbowl Memorial. A major design principle was to perpetuate the historic integrity and to honor the rigorous historic guidelines with the highest quality and workmanship.

## HOBRON/LAI RESIDENCE

HISTORICAL DIVISION  
RESIDENTIAL

A Colonial Revival style residence, built in 1916, was one of the first residences in the Pacific Heights area. Neglected for many years, this house needed to be repaired and renovated within historic guidelines. Selection of materials was based on matching and enhancing the characteristics of this historically significant residence.

## ST. FRANCIS CHURCH

HISTORICAL DIVISION  
COMMERCIAL

Culturally and historically significant, the scope of work for this Catholic Church included the replacement of existing roofing, structural upgrades and termite damage repairs. Structural improvements included plywood sheeting on the roof, strengthening of wood-to-wood connections and strengthening of roof-to-wall connections. An absolute requirement was not to remove any existing framing.
